"MODERN DISSECTION TECHNIQUES OF BONE, BIOMETALS, AND BIOPLASTICS"
(NEURO 700)

A Neurological Surgery Symposium presented by

THE MIDAS REX PSYCHOMOTOR INSTITUTE

at the
Southern Conference Center
(Colony Square Hotel)

Symposium Format

WORKSHOPS:

The Midas Rex Hands-On Workshops will be held each day from 7:30 am to 1:30 pm. The workshops will emphasize a series of hands-on exercises, utilizing appropriate animal bones, skeletal bone, bioplastics and biometals for dissection in the cranium and spine. Methylmethacrylate and metal as they relate to neurosurgery will also be considered. Guest lecturers will present clinical aspects of spinal and cranial procedures.

"Modern Dissection Techniques Of Bone, Biometals, And Bioplastics"

(ORTHO 700)

An Orthopaedic Symposium presented by

THE MIDAS REX PSYCHOMOTOR INSTITUTE

at the Holiday Casino

Symposium Format

WORKSHOPS:

The Midas Rex Hands-On Workshops will be held each day from 7:30 am to 1:30 pm. The workshops will emphasize a series of hands-on exercises, utilizing appropriate animal bones, skeletal bones, bioplastics and biometals for dissection in small bones, large bones, spines, joint replacement, revision surgery, methylmethacrylate, polyethylene, and metal, including broken stem extraction.

LECTURES, CONFERENCES, DISCUSSIONS:

For the second conference only, clinical lectures will be presented on day 1 and day 2 following a buffet luncheon. On day 3 the symposium concludes at 1:30 p.m.
